⌂ Advanced options

Download updates over metered connections (extra charges may apply)
◯ Off

Restart this device as soon as possible when a restart is required to install an update. Windows will display a notice before the restart and the device must be on and plugged in.
◯ Off

Update notifications

Show a notification when your PC requires a restart to finish updating
⬤ On

Pause updates

Temporarily pause updates from being installed on this device for up to 35 days. When you reach the pause limit, your device will need to get new updates before you can pause again.

Pause until
[Select date ⌄]

Choose when updates are installed

A feature update includes new capabilities and improvements. It can be deferred for this many days:
